

## LOCAL NEWS.

FROM THE WATERING PLACES.—From letters received, it may be inferred that Alexandria is pretty well represented, this summer, at the watering places in and out of the State, and the Alexandrians seem to be enjoying themselves. At Rawley there is, according to a correspondent, "a colony of home folks"—all "prospering"—not much gaiety but any amount of real enjoyment—beaux scarce and the "ladies' sport"—the name of one of the four—being as popular as ever. Several Alexandrians at Alleghany, where—in his "fan tail"—looks perfectly "stunning," and "the belles bow down in humble adoration"—whether to the "fan tail" or its possessor is not stated, and, "with his classic face and extensive wardrobe—a dozen pairs, at least, of Murray's latest—creating a sensation." Unable to stand the heat and dust of the city and the confinement incident to his life, he has "fled" to the mountains, "having in view health and future happiness." A few Alexandrians are at the White Sulphur, but in the brilliant blaze of fashion congregated there, their lights seem to be dimmed;—says "he" take a back seat in a quiet, cozy corner and look and wonder. There is a great deal of real elegance here; some pretty faces, many reputed heiresses, and a few gentlemen with "turnouts"—tight pants, Napoleonic moustaches and diamond pins—they are the beaux, and they go it, to our chagrin, for we have no "turnout," only an incipient moustache, no diamond, and only one white vest and no swallow tail coat;—to be out of the fashion is to be out of the world. At Capon, Alexandria is represented by some of the elite of our population, who have gone to enjoy the mountain air, eat fat venison and mountain mutton, with an occasional bear steak, and regain some of their lost avoirdupois. From all around a delightful place—quiet but not dull—some fashionable—eating delightful. At the Rockbridge Alum, Bath, Hot, Sweet, Salt, &c., scattered about like islands in the Egean sea, there are but comparatively few visitors—mostly invalids, seeking health—gone to Nature's fountains, to imbibe the invigorating draughts that flow from the rocks and bubble up from the earth to give health and strength to the feeble and afflicted. Some have gone to the Sea Shore to inhale the soft, salt breezes that blow from "old ocean," to dip in its briny waves, enjoy the aquatic sports, and luxuriate upon the products of the "vast deep." At Cobb's Island, out in the Atlantic, there have been several Alexandrians—some few yet remain. No "fashion"—there is—fishing, gunning and bathing, rolling ten pins and playing billiards—are the pastimes—eating all the time and drinking between times. A few Alexandrians have gone "touring," some to Niagara, Saratoga, Long Branch, Canada, Cape May, White Mountains, &c.—one is at "Naragansett"—wherever that is—somewhere in little Rhode Island—where the mails are irregular, but they are in for a frolic and gone sight—seeing "which they are doing." At Long Branch they report a "reign of shoddy," with much horse racing, at Saratoga a falling off of visitors, but a great deal of fashion and "munch making"—more shoddy and brilliant equipages. A crowd at Niagara, looking at the falls and charged for the privilege, charged for asking questions and charged for answering—great contest going on between the Americans and Canadians as to who shall get the last cent from the unfortunate traveller. Especially if it is found out that one has a round trip ticket. The visitors to the White Mountains are climbing up the hill slowly, after being waited upon at the foot by the prettiest of female waiter girls, wearing shawls, overcoats and other wrappings, and holding on to trees, &c., to keep from being blown away—thermometer a little above zero—delightful to contemplate—here 88 and still rising! It is pleasant to know that Alexandria is so well represented abroad. Old "Fizarrinetum" has its full quota—venerable and venerated spot—always dear to the people of Alexandria—of easy access—delightful surroundings—shading—sparkling—limpid—streams—scenery—sublime—eating—unsurpassed—drinking—delicious—food and drink—fit for the gods—and the Spa where so many used to congregate—now but seldom visited—drowned by the thundering cataract that rushes down the tunnel under the canal, its presiding deities have been scared away and with them the visitors. It still runs "iron water"—but a very few drops at a time—but still it trickles.

**MAYOR'S OFFICE.**—George Dean, on complaint of William Dorsey, both colored, for disorderly conduct, was dismissed with an admonition. John Beach, for disorderly conduct, was dismissed with an admonition. Sarah Myers, colored, for disorderly conduct, was sent to the work house for 90 days. Martha Woodcock, for disorderly conduct and vagrancy, was committed to the work house for 30 days.

**SLAUGHTER.**—The killing of a moccasin snake on Washington street was mentioned a few days ago. One morning since then a snake of the same species crawled out of a log of wood that a wood Sawyer was sawing in the yard of a gentleman residing on Cameron street, and a short time afterwards, while the wife of the same gentleman was arranging some fern that she had purchased from a market man, she was very much alarmed at the sight of the head of another of the same sort of reptiles protruding from the leaves she was handling—and it wasn't a snakey morning either.

**CAMP MEETING.**—Special trains will be run to and from every night during the continuance of the camp meeting at Falls Church to that place. The attendance there yesterday, though not as large as it was the day before, was still quite numerous, and the exercises were of an interesting character. The trains this morning and evening carried up additional attendants from this city.

**COUNTY SCHOOL BOARD.**—A meeting of the District School Trustees in the county of Alexandria, will be held in common at the Superintendent's office, in this city, to-morrow morning at 9 o'clock, for the purpose of selecting text books for the schools under their jurisdiction.

**DON LICKENSES.**—The Mayor has issued warrants for the arrest of about sixty persons, charged with keeping dogs without the proper license, and was occupied nearly the whole morning in fining the delinquents—others should take warning and procure a license from the Auditor.

**EXCURSION.**—The George W. Parker Lodge of colored Old Fellows of this city will start to-morrow evening via the O. A. & M. R. R., on a grand excursion to Lynchburg. The manager assures all who may go of a quiet, orderly and agreeable trip.

**TAKEN OFF THE LINE.**—The sleeping car that was formerly attached to the trains that ran through from Baltimore to Lynchburg has been taken off the route by the B. & O. R. R.

**CITY COUNCIL.**—It was understood last week that a called meeting of the City Council would be held to-night, but as there is no necessity for such a meeting it will not be held.

**BIDS.**—Among the bids for the coping of the walls of the Soldier's cemetery, near this city, is one of Mr. F. C. Neale. The award will be made in a few days.

## BREVITIES.

Mr. Wesley Avery's Broom Factory, corner of King and Columbus streets, is turning out the best brooms in the market, and we hope that dealers and housekeepers will, therefore, buy their supplies at home.

Frank Harper, a son of Mr. Washington Harper, while playing on the cars at the depot of the W. & O. R. R. yesterday evening, fell, and for a time was thought to have injured himself severely. As it turned out, however, his injuries were only slight.

Mr. Brill, whose store was burned down at the Market House fire, has received the full amount of his insurance, \$3,000, from Mr. Geo. K. Witmer, the agent of the Georgia Home Insurance Company.

Early on Sunday morning last, a wagon filled with watermelons, that had been on hand an uncertain time, was seen going to the wharf—when they were put aboard of a puny—and during the day, retailed by a well-known shrewd operator, as fresh, and just from the patch.

Mr. Pearce, from Md., had in market, this morning, some fresh, ripe strawberries—late for the season.

There was a shower of rain to-day, but not enough for the farmers in the neighborhood. It is reported that a young woman was shot by her sister near Hamilton on Sunday last.

Of watermelons there is apparently no end. The roads—More complaints are made of the condition of the turnpike and county roads leading to this city, and the character of those making them is sufficient proof that the evil complained of is real, and does not exist only in the imagination of croakers. If no other way can be devised by which the roads can be repaired, it is suggested that the farmers using them, all of whom it is understood are willing to contribute to the proposed end, be invited to attend a meeting at the Corn Exchange where the question can be discussed and a remedy for the evil possibly discovered.

**APPLICATION FOR AN INJUNCTION.**—Arguments in the case of an application for an injunction restraining the Western Union Telegraph Company from removing the line of the Southern Atlantic Company from the route of the O. A. & M. R. R. were heard to-day by Judge Underwood at Chambers. Judge Willoughby appeared for the Southern Atlantic, and F. L. Smith for the Western Union. The decision was postponed until the 5th of September.

**BIDS.**—\$55,500 was bid by the B. & O. R. R. for the 2000 shares of common stock and the \$5000 of dividend scrip of the O. A. & M. R. R., offered for sale by the corporation. The Pennsylvania Central, it is said, made an offer for the same interest, and also for the 1000 shares of preferred stock advertised, but it is not known how much they offered.

**GOOD TEMPLARS.**—Last night, a delegation from Welcome and Belle Haven Lodges I. O. G. T. of this city, visited Excelsior Lodge of Arlington. The trip was very pleasant, and the party came home much pleased with their visit.

**SPRING ALEAK.**—The schooner J. C. Brown, which arrived here to-day from Baltimore with a load of salt, sprung aleak soon after leaving that port, but by constant use of her pumps reached here safely and without damage to her cargo.

**PROPERTY SALE.**—Green and Wise, real estate agents, have sold the lot on the corner of Gibson and Columbus streets, belonging to the late Hugh Smith, to Strother Morton, for \$275.

**COUNTY COURT.**—Judge R. H. Cockerill, presiding.—The following business, in addition to that published in yesterday's Gazette, was transacted in the County Court before its adjournment. Commissioner Vest's reports of the accounts of Ann Eliza S. Close, adm'r of J. T. Close; of J. W. Wheat, administrator and trustee of R. W. Wheat; of J. W. Burke, guardian of R. J. Daingerfield, and of R. H. Stabler, guardian of Henrietta Fossett, were confirmed and ordered to be recorded.

Commissioner Vest's reports of the accounts of J. H. D. Smoot, executor of G. H. Smoot, and of Cassius F. Lee, guardian of Louis A. Cazovore, were filed and ordered to be one month for exceptions.

Inventory and account of sales of property of Kelley and wife by Edmund Burke, substituted trustee of G. S. Miner, were ordered to be recorded.

W. E. Carter, Collector of Jefferson Township, qualified and gave bond.

J. B. Daingerfield and W. H. Marbury were appointed appraisers of the estate of the late G. W. P. Custis.

Chase vs. Franklin; motion on forthcoming bond; docketed and continued.

Ann Salisbury, committed to jail for felony, was released.

Holmes vs. Hoffman & Son; on an appeal from a justice's decision; no suit.

## The Dublin Riot.

LONDON, August 9.—A dispatch from Dublin says the city is quiet, but the excitement of the populace has not subsided. It is generally thought that the sympathizers with the Fenian prisoners have not given up the idea of holding another meeting in spite of the prohibition of the authorities.

The sentiment of the majority of the people is in favor of granting amnesty to all Fenian prisoners, but the violent opposition to the authorities is generally deprecated. The belief was that the Royal visit will be made the opportunity for the Government for the release of the imprisoned Fenians. The populace is very bitter against the Prince of Wales, because he has not interceded for amnesty.

The police force is still on the alert, and the military is assigned to the barracks to be ready, if called on to aid the police.

Thus far no deaths are reported, but it is thought that from five to ten persons will die of injuries received during the late riot. How the Superintendent of police, is in a critical condition, but hopes are entertained of his recovery.

It is yet uncertain whether the Government can legally prosecute Mr. Smyth and other leaders of the demonstration.

DUBLIN, Aug. 8.—The city is quiet. All the persons arrested for obstructing the thoroughfares Sunday have been fined small amounts and discharged from custody on payment. Smyth, member of Parliament, who was instrumental in getting up the amnesty demonstration and who was among those beaten by the police, has written a letter to the authorities demanding an immediate inquiry into all the facts of the case.

## SPECIAL NOTICES.

**Biliousness and Indigestion.**—These two complaints are more general at this season of the year than at almost any other. They are caused by a stagnation of the bowels, and an impeded digestion, and indigestion is necessarily an accompaniment of a disordered liver. Happy the man or woman who can boast of a stomach that has never felt the horrors of dyspepsia, and to whom that great secret agent, the liver, has never given pain or trouble. Not one in a thousand, however, enjoys immunity from irregularity in these organs. How, then, shall they be regulated? Not by powerful cathartics, alternated with ordinary stimulants, but by a medicinal invigorant, like Hostetter's Stomach Bitters, which combine in due proportion, the tonic and the alterative principle. Wherever there is a church, a school-house and a general store, this famous medicine may be procured. No village merchant finds it prudent to be without it, for it is required for every day by every class. The working man buys it because it increases his capacity for toil, and the following seeking no reaction. The effect of the cathartic roots, herbs, &c., of which it is composed, diffused through his system by the pure stimulant which forms the basis of the Bitters, is most healthful and invigorating. The scholar, the merchant, the laborer, the invalid, the nervous, the debilitated, are in constant need of it, and derive benefit from its use. To persons of sedentary habits it supplies, in some measure, that activity in the circulation which is obtained by physical exertion, and is the best known remedy for constipation.

Ask for Hostetter's Stomach Bitters, and do not be deceived into purchasing any of the imitations and frauds sometimes offered in its stead. aug 7-coly

**El Vino Catalina.**—The announcement that has been so generally heralded throughout the country that an American company has again commenced importing this celebrated Wine Tonic is a matter of no small importance, and will be felt by all those who are seeking a pure and invigorating tonic; also, those who need a pure, pleasant and refreshing stimulant will find in the El Vino Catalina, or Brown's Catalina Wine Tonic, what they want. It will be remembered that importations were made in 1867, but in consequence of the high duty then demanded by this government, the enterprise ceased, to the regret of thousands who had learned its value. It is the oldest tonic in the world, and doubtless the most invigorating, the purest and best, and if imported, it will be placed in every family in this as well as in the other countries. Its merits will make it a household article, and we hope that every one who has ever used any Bitters or common patent tonic, will at least try one bottle of the Catalina, and then decide for themselves whether they prefer it to any other tonic. It is prepared from the pure juice of the Catalina grape, with Calisaya and the spices of Ceylon, or a bitters made of common whiskey and bitter food herbs. This is an invaluable preparation for weakness and debility; it relieves morning languor and gives freshness and appetite, not followed by an unpleasant reaction.
